CARNAHAN.

Moses Carnahan.

Moses Carnahan was twice town clerk at an early day. The family then lived in the 2nd concession on the bay shore of what has ever since been known as "Carnahan's Bay." They moved from there, Moses going to Picton, where he died years ago, an eccentric old man. Several of the relatives are living about Picton and Prince Edward County, but little is known about them in Adolphustown.

Kind Sir, am sending some items and wondering if they will help you out any, or make you more confused. What a conference wish I could see you again to a better understanding on both sides. you said you might know more than I about The Carnahans, well that could be, but I also wish I could learn more, also. That they are a respectable people I do hope. Could you please send this in envelope back to me as this is from The Bible
